Teachers of all instruments will enjoy this workshop. Come learn about IJAM, a romp through the ages that helps students discover the historical connections between music, art, architecture and more. On Saturday, observe a parent talk, an IJAM student class and stay for the STXSA Kick-off event. We will have cake! Friday and Sunday, Michele will focus her teacher lecture hours on the Life Lens colors. We recommend that you purchase and read her book in advance to get the most out of your workshop experience.
