

Dr. Suzuki has had a graduation system in Japan for many years. The purpose is to continue to raise standards for students and teachers, to provide an incentive to polish and review literature, and to provide a means of recognition for students who have achieved certain goals. In order to graduate from each specified level, a student should be working at the specified current level of study, and at his/her teacher's recommendation, must submit an audio recording of the corresponding pieces in the following list.

Dr. Suzuki mantuvo un sistema de graduación por muchos años en Japón. El propósito del proceso de Graduación es elevar los estándares para los estudiantes y profesores y también para proveer un incentivo que permitiera pulir y revisar el repertorio y que a su vez reconozca de alguna forma a los estudiantes que han alcanzado ciertas metas.

Para graduarse de cada nivel, el estudiante debe estar trabajando en el nivel específico de estudio, y con la recomendación de su profesor debe entregar una grabación de audio de las piezas correspondientes de la siguiente lista.

It is possible to graduate from more than one level at one time. Students who have not participated in graduation before, who are qualified to enter at an upper level, may send an audio recording of the appropriate level and all prior levels. *The only time a student needs to record all pieces in book 1 is the first time they participate in graduation. Graduation levels II and above require only one piece to be recorded for each level.*

Es posible graduarse de más de un nivel al mismo tiempo. Los estudiantes que no han participado en las graduaciones anteriormente, que están calificados para graduarse de un nivel más avanzado deben enviar una grabación de audio del nivel en que se están graduando y de los niveles anteriores. *La única vez que los estudiantes deben mandar la grabación de todas las piezas del libro 1 es cuando se gradúan por primera vez. Las Graduaciones de nivel II en adelante sólo requieren una pieza por cada nivel.*
